

POWER PLANT OPERATIONS ELECTRICIAN – PRINCE OF WALES ISLAND

Alaska Power & Telephone is hiring a full time **Power Plant Operations Electrician** for **Prince of Wales Island**. This position will operate and maintain diesel/hydro power plants, respond and repair to outages and trouble calls.

We are looking for a dependable, self-starting person that has what it takes to keep the lights on with safety being the main focal point. Our ideal candidate is a person who is driven to serve our customers with a positive “can-do” attitude, who is great with people, eager to learn and can communicate effectively in a fast-paced work environment.

Primary duties and responsibilities:

- Operate and maintain a variety of power generators and controls, including Diesel and Hydro Generators
- Install and maintain electrical apparatus and controls
- Aid in oil changes, valve adjustments, heating and cooling systems maintenance as relates to commercial power generation operations
- Provide maintenance of the surrounding plant and facilities
- Other duties as assigned

Candidate Qualifications Required

- High School Diploma or GED
- Electrical Journeyman License
- 1-2 years of electrical experience, specifically working on company equipment preferred
- 1-2 years of experience in electrical generation preferred
- 1-2 years of industrial electrical experience preferred
- Must have the ability to differentiate between live and dead electrical wires
- Must have the ability to use computers and navigate programs such as: Microsoft Excel, SCADA, and answer email.
- Must have a valid driver’s license and ability to be insured by AP&T
- Must be available 24 hours per day, 7 days per week. The typical workweek is 7am – 4pm Monday through Friday with an on-call rotation.
- Must be able to get a Medical Examiners Card
- Must be able to obtain a CDL within 12 months of hire
- Must be able to pass a pre-employment background check and drug test
- Must be able to periodically travel to other properties and meetings as required
